

THRILL OF THE GRILLED

Go beyond the basics with gourmet grilled cheese sandwiches that make the most of great Ontario cheeses.

A close-up photograph of two gourmet grilled cheese sandwiches. The sandwiches are stacked on a white paper napkin, which is placed on a dark wooden tray. The sandwiches are made with thick slices of rustic, whole-grain bread that has been grilled to a golden-brown, slightly charred finish. The fillings are visible, including melted yellow cheddar cheese, caramelized onions, and apple slices. A glass of beer is visible in the background, slightly out of focus.
